Whether this special tendency was due to theine or taunin having an elective affinity for dentine it is not possible for me to say. It would be curious to know if medical men, practising in such manufacturing districts, had observed the deterioration of teeth to be coincident with tea-drinking.

A dinner has just been given by a New York lady which is reported to have cost more for plate than any previous entertainment. The contract price was a hundred and seventy-five dollars for each plate. The caterer sent to Florida and to Central and South America for ferns, palms, ivy, mandarin trees, and other decoration. For truffles he sent to France, and strawberries, arranged in bouquets of five berries each, cost seven dollars and fifty cents per bunch.
